Mr Sandler moved to send a consent agreement. Mr Thomas seconded the motion; motion passed unanimously.

9. Report from the Assistant Attorney General – the Board may review and discuss the listed items:

None

10. Report from the Executive Director – the Board may review and discuss the listed items:

- a. Website reviewed – We are working on getting more training so we can enter data ourselves. Database issues are in the hands of the IT Department of the Department of Administration. They are also working on the process of accepting electronic payments.
- b. Results from the changes in the state barber examinations for the last two months – At our last examination for barber students we had 34 out of 54 applicants fail the test. The test before that had 40 out of 60 applicants fail. There was a discussion of breaking down the figures by school. Ms Eckberg did not feel this data should be on the website but could be made available to the individual school. Mr Sandler felt this data would be beneficial to potential students. Ms Eckberg said the school would have to release that information to potential students. Mr Lewis would like to see something about these rates at the next meeting. The Staff will put together the data for the last three exams, limiting the examinees to only the first time examinees. Later in the meeting during the discussion of No. C below, Ms Eckberg said the statutes do not have anything about the school’s responsibility for their student to pass our examination but it does indicate that the school has a responsibility to show that their students are passing at every level of barber school.
- c. Proposal for consideration regarding the examinations -- Sam Barcelona said that the experiment at having one exam every two months did not work well. This year we are going to try having one exam every month. We are requesting a complete folder from each student at the time of enrollment. If it is not available, the school will have 90 days to get that information. We will be adding a mock chemical applicant to the examination. At the beginning of an examination, we will be checking the applicant’s hands because this is a part of sanitation procedures. Some of the Board members were interested in seeing an examination. Ms Eckberg said a bank of questions might be possible but it is also a conflict of interest.
- d. Building move 1740 W Adams update – the moving date seems to have been moved back to December, 2017.
- e. Consolidation of 90/10 Boards update
- f. School deficiencies as it relates to student hours -- Staff has discovered that the schools are not consistent in how to determine a student’s hours. Some of the schools goes past the 8 hour day because a student started a procedure before the 8 hours had occurred and the school gives them the extra time (resulting in a 9 hour day, etc.). Mr Roberts enquired if the Board could discipline a school. Ms Eckberg said the Board had the right to discipline schools. The Staff is to develop a list of possible violations and possible civil penalties for the Board to review.

11. Discussion of items to be placed on a future meeting agenda. The following items will be placed on the next agenda:

November 14, 2016

- a. Result of Soyika White's request for reciprocity of barbers hours acquired from a school
- b. Summary of the last 3 exams in terms of numbers passed listed by school
- c. Proposed list of school violations and civil penalties
- d. Look into updating the Inspection Sheet -- bring samples of existing inspection sheets to the next Board meeting

12. Discussion of Future Meeting Dates – January 30, 2017

- 13. Motion to Adjourn** – Mr Roberts moved to adjourn. Mr Lewis seconded the motion; motion passed unanimously at 10:56 am.
